

Grooming with the Stars 2017

Monday May 15, 2017 2pm to 4:30pm

Crowne Plaza, Warwick RI

EISA will offer a fantastic opportunity for Irish setter owners to learn grooming/finishing techniques on their dogs at the 2017 ISCA National in Warwick, Rhode Island.

We have assembled a team of six groomers who are known for their skills in presenting the Irish setter to perfection: Adam Bernardin, Michelle DeChambeau, Anne Marie Kubacz, Peter Kubacz, Katie Shepard & Suzie Schafer.

Participants: \$50, limited to 30 Observers: \$35 Sign up using the RSVP form please.

Grooming with the Stars will provide you with hands on mentoring while you groom your dog. The instructors will demonstrate techniques and help you learn how to accomplish them on your dog. The team of 3 instructors per group will rotate to participants and observers divided in to 2 groups.

Emphasis will be placed on refining grooming skills. Dog should be groomed no less than 3 weeks before the seminar. Participants should let hair grow on their Irish setters in areas where you have trouble blending or want to try new techniques.

Topics include

- learning the correct tools to use when grooming and hand stripping the Irish setter
- blending problem areas like neck/shoulders
- trimming hocks & feet
- how to enhance the visual picture of your dog's anatomy
- deciding what underline to put on your dog and why
- how to approach nail grinding for a positive experience for your dog.

If one of the things you as a participant wants to learn is how to decide and achieve the right underline for your dog, be sure your dog's feathering is freshly bathed and blown out JUST BEFORE the clinic STARTS! It is impossible to achieve the right choice on a dog that is not clean and FRESHLY blown out.

Seminar will start PROMPTLY at 2pm. Participants, please allow plenty of time to set up your grooming table and equipment.

Schedule of Grooming with the Stars seminar

1:30pm-2pm	registration: check-in for all participants/observers participants setup their grooming tables/supplies
