

**IRISH SETTER CLUB OF AMERICA  
JUDGE'S EDUCATION  
MENTOR/PRESENTER APPLICATION DIRECTIONS**

**Dear Members:**

**We are pleased that you are considering applying to be a mentor for our breed. Please be sure you have read the "Guidelines for Mentoring" as well as all the items on the "Mentor Agreement." Both are found on this site. It is very important that you read all the information before signing indicating that you agree as well as meet the criteria to be a mentor/presenter. Some people are more comfortable speaking one on one, and others are comfortable speaking to a large group. Feel free to select one or both options on the Mentor Agreement as to whether you are willing to be a mentor and/or presenter.**

**Judge's education is a vital part of the learning process for any judge. They should have access to a Standardized Breed Presentation on the breed as well as the opportunity to sit by the ringside and be mentored or visit a kennel for more "hands on" experiences.**

**Should you have any questions prior to making application, please contact the Judge's Education Coordinator listed below. We thank you for your dedication to our breed.**
