

## Bits of Information

Our Welcome Desk at Founders Inn, is through the lobby, turn right, and it is positioned outside the Ballrooms. Remember, no dogs in lobby.

The area where dogs **MAY BE WALKED** outside, will be clearly marked, and are positioned behind the YORK wing. As an added attraction, they have lovely fenced yards for our dogs to get some “free” exercise. Please only walk on grass with dogs, that is marked for dog walking.

For those that have inquired about nearby RV campgrounds, there is a KOA 30 minutes away, at 1240 General Booth Blvd., phone 757-428-1444. As a caution this is near/at the beach, so I would be cautious of traffic daily back to and from the Founders Inn. As a reminder at Founders Inn, while you have no hook ups, you have access to water and are invited to use the Fitness Center, Locker Rooms and Pool. Additionally, on Tuesday and Friday, when the Porto John provider is cleaning our toilets, they are happy to pump your RV for \$50 cash each.

There is a dog food and supply store, Care A Lot at 5457 Indian River Road, about one mile from the hotel, phone # 757-395-4800. You may place your order early, and either pick it up or arrange for it to be delivered to the Founders Inn.

And finally, there is construction currently, on one of the exits heading to Founders Inn, if you are coming from the NORTH... if this construction remains, we will send out a minor diversion to get you past the construction.

Please read the 2025 National Specialty Webpage regularly and read all your Flea Bytes!

See you soon,
